

Who are Regent's University London?

Regent's University London is an independent not-for-profit institution located in the heart of Regent's Park in central London. Paper Round have been servicing the University since 2016 and have worked closely with the estates team to create an efficient recycling scheme.

Their challenge

Regent's University required:

- A waste company who could improve their campus wide recycling rates
- A scheme which was convenient and easy to understand by all students and staff
- An engaging scheme to attract use

Our solution

- Provided a total waste management scheme, capturing a wide range of materials, helping to improve recycling rates
- Created bespoke signage suitable for their audience and targeted waste streams specific to the University
- Smart, consistent recycling stations were set up to attract attention and encourage recycling
- Our waste awareness stand was set up at Fresher's Fairs to engage students in the scheme

The results

Carbon saved
1290 CO₂e

Waste savings
130 tonnes

329 trees saved

1011 meals donated to FareShare

“Regent's University's success was formally recognised by winning Silver in our Best Practice Recycling Awards 2017.”
